

Job Focus

[Deputy Team Manager in the Specialist Adult Pathway Team](#)

Context

The Specialist Adult Pathway Team (SAPT) is based in the All Age Disability Service. SAPT works with young people aged between 16 and 18, to support them through transitioning from Children Services to Adult Services. SAPT will work with the lead professional to transfer the young person's care package into adult services. This means that a new adult assessment will be completed and funding for services will be obtained from the appropriate adult team, for example, the Community Learning Disability Team.

Specific Requirements

- Working with young adults in line with preparing for adulthood
- Knowledge of children's legislation
- Knowledge of Care Act
- Knowledge of Mental Capacity Act

This Job Focus is intended to provide an understanding and appreciation of the responsibilities of this particular job. It is not possible to specify every detail and we expect you to work flexibly within your skills, knowledge, experience and grade of this job.
