## Apprenticeships with Homes and Neighbourhoods

Our Property Services team provides a first-class repairs and maintenance service for nearly 22,000 council homes, public buildings and private organisations throughout the Kirklees area.

The Team is made up of over 500 skilled employees and apprentices, with over 40 years of experience delivering a high quality, professional repairs and maintenance service across Kirklees and offer a 24/7 call out service for emergency repairs and maintenance.

- Our **General trade** disciplines include responsive repairs, property improvement and refurbishments, cyclical and planned maintenance, empty homes, adaptations, asbestos, damp and mould, Surveys, estimates and quotes. Our experienced team of craftspeople includes plumbers, joiners, glaziers, decorators, plasterers, roofers, ground workers, masons, civil engineers and asbestos removal teams.
- Our **Electrical testing**, repairs and installations team undertake electrical testing, installation repairs and re-wires. Property Services are registered and recognised by the NICEIC as an approved contractor and domestic installer (Part P).
- Our **Gas servicing**, repairs and installations offer both domestic and commercial engineering solutions for a wide variety of customers, partners and clients. Our gas fitters are accredited Gas Safe. Our work includes design and installation through to repair and maintenance.

## Job Purpose

Working alongside and supported by one of our qualified Commercial Gas Engineers you will be required to follow a learning programme and to assist in the provision of commercial gas maintenance and construction within Property Services. You will be required to complete 4 year(s) training programme that will cover all aspects of the role and will be delivered through attendance at college or other distance learning methods delivered by Leeds College of Building. As an Apprentice Commercial Gas Engineer, you will complete Level 3 Commercial Gas Qualification.

## Key areas of Responsibility

*The following list is typical of the duties the post holder will be expected to perform. It is not necessarily exhaustive and other duties of a similar nature and level may be required from time to time.*

- Assist Commercial Gas Engineer operatives in the provision of gas maintenance and construction.
- Use and maintain necessary tools and equipment in accordance with applicable codes of practice.
- Work towards gaining competence in several tasks in relation to Commercial Gas duties and where required undertake tasks relevant to the role and business area to support the team whilst complying with relevant health and safety legislation.
- Assist with the maintaining of a clean and tidy work environment always following team leader/mentor instructions.
- Attend training/college courses and complete all required work within deadlines as set out in your individual learning plan, college timetables and review meetings.
- To assist in maintaining a healthy, safe and secure environment and to act in accordance with Kirklees Council's policies and procedures.
- Be actively involved in wider corporate social responsibility initiatives aimed at delivering excellent services to tenants and customers.
- To have a valid full driving licence on successful completion of the Apprenticeship.
