

# Apprenticeships

## A day in the life of a Horticulture Apprentice

**Arrive for work on time, in uniform ready to be out on site all day. Bring lunch and refreshments**

**Carry out grounds maintenance tasks such as litter picking, emptying bins, grass cutting, lining playing fields, planting bedding and much more!**

**Attend training including ride on driver training, trailer assessments, chainsaw, Health and Safety**

**Represent the Council on the front line working across Kirklees in schools, parks, recreation fields, libraries, being polite and helpful passing issues to managers**

**At the end of the day return to the depot and unload all machinery and complete paperwork around what you have done**

**Attend training to complete apprenticeship including emergency first aid at work and pesticides**
