

Arborist – Grade 7

Job purpose

The Council's Forestry Section is responsible for the management of trees on the Council's land. This includes street trees, Council house gardens, schools, parks, and woodlands. The duty on the Council under Health and Safety legislation is to protect the safety of the public and part of this duty is discharged by both proactive and reactive management of its tree stock through Arboriculture practices such as felling, pruning and crown lifting and thinning.

The primary role of the Arborist is always to undertake these works on behalf of the council working in a professional and safe manner and to ensure that all works are undertaken without risk to the public.

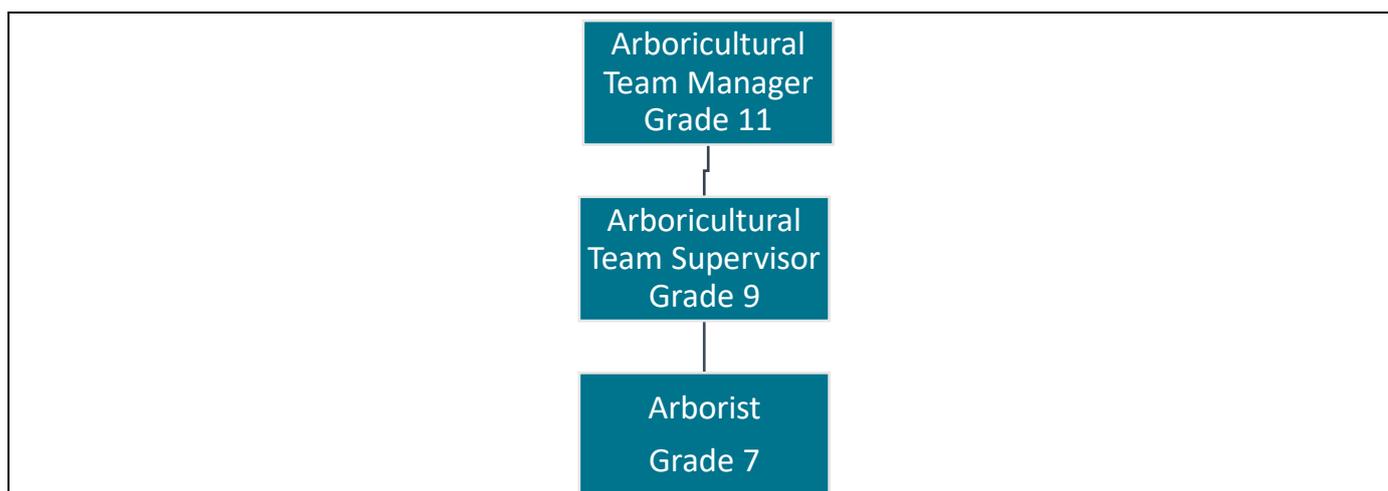

This role is based within [Environment and Climate Change](#). Find out more about [working for Kirklees](#).

Key areas of responsibility

- The undertaking of tree surgery work, including planting, felling, sectional dismantling, pruning, crown lifting and thinning, reductions using appropriate climbing techniques by means of ropes and harnesses and associated equipment where necessary.
- The safe use and maintenance of appropriate machinery, tools, and equipment – including personal protective equipment, and to be fully conversant with the manufacturer's guidelines for its operation and maintenance.
- The operation of Forestry vehicles, plant and associated equipment including various woodchippers and stump grinding machinery and to include maintenance as appropriate.
- The completion of documentation required to enable the administration of the department to function in respect of providing an audit trail for all works undertaken and to ensure the monitoring of the correct use of resources.
- Ensure duties are conducted in line with Health and safety expectations to ensure a safe environment for employees, service users and members of the public
- Ensuring equipment works efficiently, effectively and within vibration limits, report faults and repairs promptly.
- Ensure arrangements for security are being followed.
- Communicate appropriately with customers, staff and other stakeholders

- Where required, provide on the job guidance and training to less experienced members of staff, for example Apprentices, including instruction on tasks and checking.
- Contribute to the improvement of services provided through review of working practices and procedures and effective work/scheme management.
- You will be expected to undertake standby duties working evenings and weekends on a rota basis.
- You need to ensure you attain and retain appropriate certificates relative to the training receive and the post and ensure that all such certificates are up to date and valid for the operations being carried out.

Position of job in organisational structure
