

Salendine Nook High School ACADEMY

Welcome to the Geography Department

New Hey Road Huddersfield

West Yorkshire HD34GN

Tel: 01484 657541

email: office@snhs.kirklees.sch.uk

Currently there are three full-time and one part time member of staff in the department. Geography is taught in academic sets in Years 7 - 9. There are four teaching rooms, each with interactive whiteboard provision.

Geography is a very popular, well-subscribed GCSE with good GCSE results. At Key Stage 4, AQA Geography syllabus is followed.

The department has redeveloped the KS3 Curriculum to meet the new introduced three KS3.

Fieldwork is a very importance aspect of the department. Pupils are given opportunities to carry out a range of enquiry based fieldwork both within school and further afield. In Year 9 students visit Manchester and in Year 10 there is a fieldtrip to the Holderness coastline to study coastal landscapes.

The department makes a strong contribution to House activities and events including Fairtrade fortnight and other activities.

We are a friendly, supportive and dynamic department, who works closely as a team to plan and share a varied and up-to-date curriculum. We welcome applicants that have a willingness to try new ideas in order to develop and share creativity across the department, particularly with the development of the new KS3 curriculum.

Should you choose to apply, you will feel extremely welcome in our department and we wish you every success with your application.

Rachel Kay

Head of Geography

Aspiration, Unity, Achievement

Principal: Mr D. Christian, MA (Ed), BSc (Hons)
