

I love Scholes Village Primary School because all the teachers welcome you with open arms and pay close attention when you need them. Every teacher encourages you to achieve your goals and to work to the best of your ability. I have made a lot of friends at this school and some are best friends for life, with an unbreakable bond. We are a tight knit school, who always look after each other so nobody ever gets alone. The school has a friendly atmosphere and I love attending it.

I love going to Scholes Village Primary School because all the teachers are really nice but my favourite teacher is Miss Greenwood! She is so kind and helps me with my work when I get stuck and she is fun too. I have made lots of friends and some best friends. I like going to school to learn new things. I think our school is better than any other school because we have a forest which I like going to even though I don't like getting dirty. My favourite thing in school is the muga so I can play football because that's what I am good at. So this is why I think the school is special and the best in the world 😊

You want to join us at Scholes Village Primary School because it's.....

What is it that makes Scholes school so amazing?

Is it the teachers the pupils or the trips?

Or is it the Christmas play, when all the kids dress up and sing?

Although I don't like the school dinner chips

What makes Scholes primary so cool?

Maybe it's the m.u.g.a , the forest or the tuck shop?

Either way its my favourite school!

Even though we are not allowed sweets or fizzy pop!

It's the teachers that makes Scholes so amazing and cool

And this year we need a new head for our school,

We'd like one as nice as Mrs .M, and maybe just maybe a swimmer

We will just let you know Scholes really does rule!

Dear Applicant

Thank you for showing an interest in applying for the Head Teacher position at Scholes Village Primary School. As chair of the Governing Body I would like to take this opportunity to tell you a little bit about our community.

We are a small village location bordering 3 large metropolitan areas and enjoying good transport links to Bradford, Leeds, Halifax and Huddersfield whilst enjoying integration with the culturally diverse community of Kirklees. We have close links with three other nearby Primary schools in the 'Stronger Together Partnership' that enable a useful collaboration with peers who feed into the local Secondary School in Cleckheaton. Scholes Village Primary School is a single form entry school with a well-supported nursery provision and 242 pupils on roll. We aim for our children to achieve their full potentials and our academic results are significantly above national averages. Additionally we have established a successful nurture provision for those of our children who would benefit from it.

We pride ourselves on our school vision and our shared values, and our recent OFSTED inspection echoes these sentiments as we have been rated consistently Good.

Our strengths lie within:

- Our promotion of honesty, integrity and hard-work.
- Our understanding of the importance of play in KS1.
- The exceptional behaviour of our children.
- The extended learning opportunities we offer our pupils both in and outside of the classroom.
- The broad range of experiences offered to our children through our Enterprise focus.
- Our commitment to being an Eco-School.
- The close working partnership between our teachers, governors, parents and local community.

Our current Head Teacher has been with us for a number of years and has developed and grown the school into a rich, vibrant, happy and successful establishment but has now decided to seek other challenges elsewhere. We are therefore looking to appoint an enthusiastic, dedicated leader who will take the school forward building on our existing strengths, striving to continue to increase educational excellence and continuing to drive our nurture provision.

The school building is modern and well maintained with extensive grounds. The school is well supported by the community and staff team achieve good educational outcomes. We have two Assistant Head teachers and an efficient administrative and buildings team. The Governing Body knows the school well and play a supportive role.

I hope that by reading the information above it has inspired you to continue exploring the possibility of joining us at Scholes Village Primary School. We have every confidence that we will successfully recruit a Head teacher who will help us

to continue to develop our vision to provide the best possible education for the benefit of our pupils, their families and our community.

Yours sincerely

Chair of Governors
